

***Chris Hilliard: Science, Behaviour and Discipline, Assessment, Leadership of CPD***

I am an Associate Assistant Principal at Halewood Academy. Through my role of SLE, I have worked with Science departments focusing on: best practice, scheme of work and assessments. I have also worked with leadership teams, developing bespoke in-house reward systems and behaviour monitoring systems, to inform effective intervention. At present, I am working with Wade Deacon Teaching School delivering CPD on Cognitive Psychology and Load Theory, to assess how it can be utilised at lesson and leadership level.
